

Hebrewman

Ehud Banai

Speak up the language of the Hebrewmen
Loud and clear, the language of the Hebrewmen
It is the language of the prophets
Of the sign up on the wall
It is old and sacred
It will open up your soul

Speak up the language of the Hebrewmen
Loud and clear, the language of the Hebrewmen
From the deepest mass of downtown Babylon
It will take you to the next train to mount Zion
It will get you up, it will make you fly
The language of the Hebrewmen will take you high

You know, Abraham spoke the language of the Hebrewmen
And also Jesus from Nazareth, and Mary Magdalene,
Einstein, Jeremiah, Dylan and Cohen,
They know something about the language of the Hebrewmen

And when the Lord said "Let there be light"
It was in the language of the Hebrewmen
And when Moses said "Let my people go"
It was in the language of the Hebrewmen

(Speak the language of the Hebrewmen)
(Speak the language of the Hebrewmen)
(Speak the language of the Hebrewmen)

And it will be on that day, a big, new light will glow
The crack will slowly open, the wall will slowly fall
And when the time will come, One whose name is One will appear
The entire world will appear and know one language

And it will be on that day that the One whose name is One will appear,
The entire world will appear and know one language,
Slowly we will build the house, line to line, letter to letter,
Don't say goodbye, say see you later

And let us all say Hallelujah (Hallelujah)
And let us all say Amen
And everyone, and everybody
Will speak the language of the Hebrewmen
Hebrewmen
(Speak the language of the Hebrewmen)
