1. Bunting Map: to solve the riddle, find the symbols that appear in the “clue chart.” A number of mathematical symbol appears next to every element. Use the key included in the “clue chart” in order to properly create the correct sequence. It will create an equation. Its solution is the answer. $1+2-3+5=7$. The riddle’s answer is seven.
2. A tribute to Jerusalem – to solve this riddle, create a word by locating the correct letters. The “clue chart” indicates that all the correct letters are colored green. Those letters will combine to form the word: Jerusalem.
3. Water monument – in order to solve the riddle, solve the maze, collect the numbers en route and create the code. The “clue chart” contains elements that will assist you to properly solve the maze. The answer is: 5742.
4. Love monument: use the numerals to figure out the value of each picture, so that the equations will be correct. One of the illustrations is missing, and is to be found on the “clue chart.” Put it in its proper place. Every line is based on the previous line’s solution. This leads to understanding the following picture’s values: Menorah=9; Love monument=10; the suspension bridge=6. As the last line has a menorah with four missing branches, its value is five, not nine. Therefore, the final result is: 27.
